

December 8, 2020

Subject: 24 Hour Building Closure

Dear Members/Participants:

As a result of determinations made by the NYC Department of Health and Mental Hygiene (DOHMH) and The NYC Test + Trace Corps (T2), **two staff and/or participants (ECH and Learning Lab) have tested positive for COVID-19 within seven days of each other. As a result, the building will close for an initial 24 hours so that the NYC Department of Health & Mental Hygiene (DOHMH) may investigate the source(s) of transmission.**

Below you will find guidance that reflects the expertise of the DOHMH, the New York City Department of Education (DOE) and the NYC Test & Trace Corps (T2).

What Happens Now?

- Effective Wednesday, 12/9/2020, the building will close for an initial 24 hours. All students will transition to fully remote learning for this period. During this time, T2 and DOHMH will complete their investigation and the building will be cleaned and disinfected.
- All students and staff in the affected class(es) with the individual who tested positive are considered “close contacts” and **have been notified of the need to quarantine** for 14 days from their last contact with the person who tested positive. These students and staff will transition to fully remote teaching and learning for this period.
- Anyone with a positive COVID-19 test will not return to the building until they are no longer infectious.
- T2 and DOHMH will complete their investigation to identify and notify any other close contacts in the building, who will also need to quarantine for 14 days.
- Based on the status of the investigation, we will communicate with you each night about the status of opening the next morning for everyone who is not a close contact.

How do we stay healthy?

Please remember to follow these important “Core Four” actions to prevent COVID-19 transmission:

1. **Stay home if sick** (except to get essential medical care, including COVID-19 testing).
2. **Practice social distancing:** Stay at least 6 feet away from people who are not members of your household.
3. **Wear a face covering** to reduce the spread of COVID-19.

-
4. **Practice healthy hand hygiene:** Wash your hands often or use an alcohol-based hand sanitizer; avoid touching your face; and cover your cough or sneeze with your arm, not your hands.

How can I stay updated?

We will continue to closely follow directions from public health experts and proactively update you on any measures we are taking.

To help New Yorkers quarantine, the NYC Test + Trace Corps partners with community-based organizations to connect individuals to resources like food, medicine, and health care. To connect with these resources, you can call **1-212-COVID19 (212-268-4319)**.

For additional information on COVID-19, visit schools.nyc.gov/coronavirus or call 311.

For questions or concerns, you can reach out to us at info@thehes.org.

For more information and updates, please visit our website at www.thehes.org.

Thank you for your cooperation and understanding.

Sincerely,

Moshit Rivkin

Executive Director
